

EIBACH WINS AGAIN! BEST BRAND 2009

Dominate the Track. Rule the Street.

Germany is known for having some of the world's most discerning motorsport fans. Which is why we at Eibach are so proud to announce that the readers of the renowned German auto-enthusiast's magazine, Sport Auto, have selected Eibach the "Best Brand 2009" in the springs category—the third-straight year we have been honored with this award.

More than 10,000 readers took part in the annual Sport Auto survey, selecting the companies whose automobile and tuning-parts products they prefer in eleven different categories. Eibach scored even higher than last year, with an overwhelming 56.8% preferring Eibach Springs and Suspension Components over all others.

This triple win with Sport Auto comes on the heels of also winning three-straight years in a similar "Best Brand, Springs" survey with the other major German Auto Sport magazine, MotorSport Aktuell.

Clearly, the Eibach Will to Win has paid off handsomely in the eyes of racers, race-car designers, drivers and fans of all types of top-level motorsport, from NASCAR to Formula 1 to WRC to IRL. The top racers choose Eibach—and so do smart street drivers and amateur racers the world over, from the Autobahns of Germany to the local streets and tracks you drive on every day.
