

## 2016-17 FORD FOCUS RS ANTI-ROLL-KIT

[BACK TO EIBACH NEWS LIST](#)

Our **ANTI-ROLL-KITs** reduce body roll through increased design stiffness over stock bars. The result: increased handling and cornering grip in any performance-driving situation. Manufactured from cold-formed steel alloy for precision performance, and finished with a longlasting red powder coat finish, the **ANTI-ROLL-KIT** comes complete with all mounting hardware.

### **ANTI-ROLL-KIT | Performance Sway Bars**

#### Part Number Pricing and Data

- Front and Rear Sway Bar System for Improved Handling and Reduced Body Roll
- Balanced for Optimum Neutral-Steering Handling and Precise Turn-In response
- Adjustable Rear Bar for Fine Tuning Rear Oversteer Characteristics
- Precision Engineered and Calibrated for the PRO-KIT and SPORTLINE Performance Spring Kit
- Million-Mile Warranty

**ANTI-ROLL-KIT # E40-35-023-02-11**

## ALSO AVAILABLE

### **PRO-KIT | Performance Springs**

#### Part Number Pricing and Data

- World's leading performance suspension spring system
- Progressive spring design for excellent ride quality
- PRO-KIT drop ranges from 0.7" Front 1.1" rear
- Engineered and tested to work perfectly with stock dampers

### **PRO-PLUS | Performance Springs and Sway Bars**

#### Part Number Pricing and Data

- PRO-PLUS Performance Handling Package.
- Matched Performance Springs and Sway Bars = Superior Handling for the Serious Enthusiast
- Precise Turn-in Response, Improved Handling and Enhanced Cornering Grip—in any Performance Driving Situation
- Stop Quicker, Corner Faster and get better MPG\*
- Excellent Ride Quality
- Million-Mile Warranty

### **PRO-SPACER | Wheel Spacers**

#### Part Number Pricing and Data

- Made from high-tensile-strength aluminum alloy
- Exact fitment by using minimal production tolerances, resulting in exceptional wheel balance
- All applications tested in rigid durability—and fatigue tests
- High-grade corrosion protection through a special coating process (salt spray test according to DIN 50021)
- Significant weight advantage compared to wheel-spacers made from steel
