

## NEW—2013 Scion FR-S/Subaru BRZ PRO-STREET-S | Coilovers-Adjustable Ride Height

### THE NEXT LEVEL OF SUSPENSION PERFORMANCE

Now you can get each corner of your vehicle looking and performing at its very best. Eibach's **PRO-STREET-S**, stainless steel-bodied coilover spring/damper packages allow serious drivers the ability to quickly adjust the ride height and corner weight of each individual wheel, giving them the ultimate in flexibility for precise street and track tuning.

The Eibach **PRO-STREET-S** is designed, tuned and tested 100% in-house by our suspension engineers and ride control experts. Spring rates are perfectly matched to the performance damping of the high-tech coilover shocks. With the Eibach **PRO-STREET-S** installed, you will immediately experience a more-precise turn-in response, improved handling, and enhanced cornering grip—in any performance-driving situation on the street—or lower lap times on the track.

### PRO-STREET-S #82105.711

- Easy Ride-Height/Corner Weight Adjustability—Lowering 0.0" - 2.0"
- Designed for Maximum Street and Track Performance
- Rust-Free Stainless Steel Technology for Ease of Adjustment—Year after Year
- One-Year Warranty

# SCION FR-S/SUBARU BRZ PRO-STREET-S 2013 DATA:

## TECHNICAL INFORMATION

### FRONT:
